

Istituto Tecnico Commerciale e per Geometri "E. Mattei"

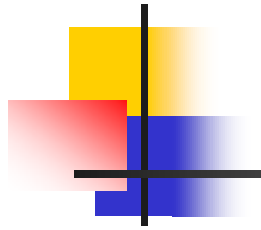

***A technical High School situated in
the small town of Decimomannu,
about 15 km from Cagliari***

The school offers 4 different courses:

- a) Tourism (sector of Economics)
- b) Business Administration, Finance and Marketing (Economics)
- c) Enterprise Information Systems (Economics)
- d) Building and Environmental Engineering (sector of Technology)

**The ITCG “Mattei” also provides evening classes
(course in Business Administration, Finance and
Marketing)**

ITCG “Mattei” as a place of integration and inclusion, of a conscious growth in personality and an opportunity to develop social and working competence.

General equipment

The school is equipped with:

Modern laboratories

A gymnasium + football ground

A library

Internet connection in each classroom

Green spaces

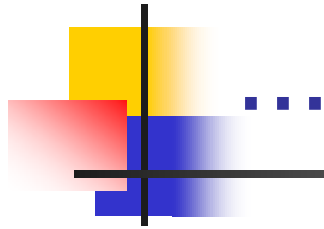

A resource room

Resources for integration and inclusion

- 13 support teachers for 18 students with disabilities
- Texts on special education (in the library)
- Resource room (with technological devices, special teaching aids, course and recreational materials)
- GLHI – a special team for Handicap – to direct and coordinate all activities concerning the inclusion of the disabled.
- Support of professional educators for autonomy and communication deficiencies

...

Extra courses for integration, improvement of autonomy and qualification for future job opportunities:

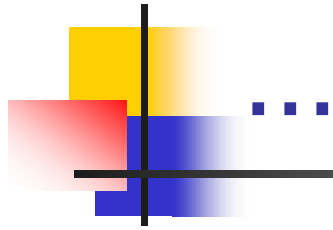

Lessons of calligraphy, drama, découpage, biedermeier, jewelry-making with semi-precious stones.

Project about toponymy

Creation of handmade objects with recycled materials

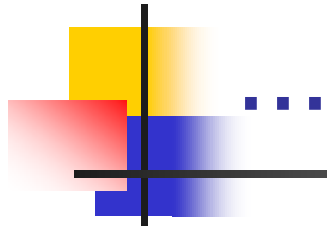

Role-playing and dramatization activities in cooperation with local agencies.

...

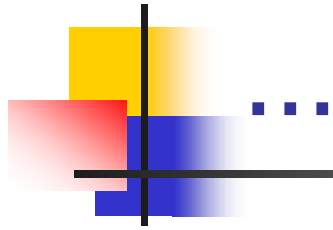

For several years the school has promoted a special programme, named “**Support to H Team**”, *to test reading, writing and calculation abilities* of first-form disabled students, with the professional support of one pedagogist and one psychologist who also give consulting service all year round.

...

- “Sportello psicologico”, a consulting and support service for students, teachers and families who are living psychological and/or social distress.
- A consulting service for **foreign students** + courses of Italian language (since 2004 the school has been an examination centre for CILS certification)

...

Every year the school carries out an **information campaign** in Middle Schools about the general objectives and the professional opportunities offered by the courses, including all activities and facilities available, with special attention to SEN students.
