

## Building their Tomorrows, Today! Sirocco! Comenius Project

TITLE	Blind simulation
NUMBER OF PARTICIPANTS	From ten to thirty students
OBJECTIVES	
<ul style="list-style-type: none"> <li>- To empathize with blind people.</li> <li>- To raise awareness of the needs and difficulties of a blind person in movement skills in everyday life.</li> <li>- To show the proper use of a stick.</li> <li>- To practice a simulated journey in couples where one person is the blind one and the other his/her sighted companion.</li> </ul>	
COMPETENCES	<ul style="list-style-type: none"> <li>- Spatial orientation.</li> <li>- Saving obstacles.</li> <li>- Finding your way through</li> </ul>
MATERIAL NEEDED	<ul style="list-style-type: none"> <li>- A stick</li> <li>- A mask</li> </ul>
DESCRIPTION	<p>We organize everybody to work in pairs and to help each other and start simulating a situation in which one is the blind person and the other his/her sighted companion. The blind one has to carry a stick and wear a mask which is essential to perform this activity properly. After finishing the circuit they change roles.</p>
NUMBER OF SESSIONS	2 hours

Pair simulation

Group simulation
